Creativio Media and Advertising LLP   Dec 2024 – Jul 2025
Web Developer   *Malappuram, Kerala*
- Designed and maintained high-quality, user-centric websites aligned with client advertising goals.
- Collaborated with designers, marketers, and media teams to deliver integrated digital solutions.
- Optimized site performance and ensured full responsiveness across devices.
- Implemented on-page SEO strategies to boost visibility and conversion rates.

Self Stack   Aug 2023 – Aug 2024
Python Developer Intern   *Calicut, Kerala*
- Built and optimized Django-based applications with a focus on clean architecture and scalability.
- Developed RESTful APIs using Django REST Framework for efficient data flow.
- Participated in code reviews and contributed to maintaining coding standards.
- Performed unit testing and system testing to ensure stability and reliability.

Projects

SSAOCO Info Static Website | *Hosted on cPanel (ssaoco.com)*
- Developed an informational website for SSAOCO, a leading supplier of automation and instrumentation devices in the Middle East.
- Highlighted company expertise in industrial machine parts, hydraulic and pneumatic machinery, and global logistics solutions.
- Ensured professional design, responsive functionality, and easy access to services and company information.

Homestead Projects Website | *Dynamic Responsive Website Hosted on AWS (homesteadprojects.com)*
- Developed a dynamic and responsive website for an apartment rental service.
- Integrated features for showcasing properties, contact forms, and secure data handling.
- Deployed and hosted on AWS with performance optimization.

Creativio Media & Advertising Website | *Dynamic Website with 3D and Animated UI (creativio.in)*

- Built a visually engaging, React-based website for a media and advertising agency.
- Implemented interactive animations, GSAP motion effects, and 3D visuals to enhance user experience.
- Showcased services and portfolio in a sleek layout with mobile responsiveness and fast loading.
- Fully deployed and optimized for AWS hosting.

Mazlo Footwear Website | *Responsive E-commerce-Style Website Hosted on AWS (mazlofootwear.com)*
- Developed a scalable, modern e-commerce-style website for a footwear brand.
- Implemented features like product display, category filtering, cart functionality, and mobile responsiveness.
- Engineered with dynamic content support and structured for future payment gateway integration.
- Hosted on AWS with focus on speed, flexibility, and future growth.

Technical Skills
